During this academic year of 1970-1971, the intercollegiate athletic program was reactivated on Bennett's campus. This reactivation helped the College in the implementation of its basic objective: "To afford opportunities and facilities for the student to understand, maintain, and participate in physical activities which make for more healthful living."

Bennett Belles were very enthusiastic in cheering their team to victory during their initial year.

### *President's Statement*

Much praise and admiration are due the determined, not-to-be-denied, young women who are responsible for producing the 1971 edition of the **Bennett Belle**. In trying times against many odds, they have come through with a publication truly worthy of their efforts. Each page reflects their creativity and ingenuity; each page represents the tireless indefatigable investment of self. The observer who views this book cannot know the anxious moments, sleepless nights, and disappointment that went before such a creation would exist. Only these young women know. Consequently, they alone know the satisfaction of a job well done, whose fruits the rest of us enjoy.

This Yearbook represents a chapter out of life, a record and review of experiences, a mirror of things to come. This Yearbook is a salute to a Senior Class which records many indi-

vidual standout performers and performances. We are secure in the expectation that many of the '71 graduates will be change agents in their time. We are secure in the knowledge that many will lead the way in an increasingly complex society — many will find the crucial answers. In this we take much comfort.

It gives me deep personal satisfaction to have shared this four-year experience with this class, to acknowledge its promise, and to point to Bennett College role in shaping its destiny. The College extends hearty congratulations to the Yearbook Staff for a job well done, and best wishes to the graduates for a stimulating and rewarding future.

*Editor's  
Note*

This year's Bennett Belle has been a reflection in our experience at Bennett College. It is our hope that as you view this book, now and in the future, you will pause and reflect on the trivial things that once seemed so important, and on the important things that have molded your life.

I wish to thank each faithful member of the Staff and those persons who cooperated with us to make this yearbook a success. A special thank you goes to Mr. Marvin Watkins.
